## Freezing point worksheet

This worksheet was created by poet Jeremy Harwood to inspire you to explore your own creativity during these extraordinary times.

In the poem 'Freezing Point,' a hard frost has transformed the world for the traveller and he sees his surroundings in an entirely new light. The ordinary has become extraordinary.

*Have you had an experience in which your view of the world was suddenly changed in a positive way? Write some notes below on the images/feelings that come to mind when you think of this.*

The traveller talks of seeing the world through a different lens. *If it were the opening scene in a film how would you continue the story? Write some notes below and over the page.*

*'Dreams are glinting at each turn'. Chose one of the themes/descriptions in the poem and use it as the basis of a fantasy adventure story. Write some notes for this below and then write your own story.*

We'd love you to share a paragraph or short extract from your fantasy adventure story by email to [caroline1968hall@googlemail.com](mailto:caroline1968hall@googlemail.com). We will share a selection of those we receive.

By sending it to us you are giving your permission for it to be shared on our website/social media, the project Facebook page and Severn Arts website/social media.
